Essentials Of Nursing Research Methods

"Essentials of Nursing Research" is designed to teach students how to read, understand, analyze, and evaluate research reports in nursing practice. The Seventh Edition has been updated with stronger coverage of evidence-based practice, including content on how to read, interpret, and critique systematic reviews, which are considered by many to be a cornerstone of evidence-based practice. Also included in the Seventh Edition: a more balanced presentation of medical and social science methods ...

esentials of nursing research | eBay

This introductory nursing research text assists students in evaluating research findings in terms of their scientific merit and potential of utilization. The text compares naturalistic inquiries (qualitative studies) and traditional scientific research (quantitative studies) with regard to each aspect of a study. In-chapter research examples, both fictitious and actual, provide the student with opportunities to critically read and analyze the strengths and weaknesses of the studies in ...
