**Male Genital Modification**
NSFW: Five Unusual Extreme Body Modifications ... This seems to be a practice for male genitalia because of the path of the urethra through the body and the proximity of it to the skin between the scrotum and the anus, making for an easy access point. A hole is made through the urethra and skin underneath the scrotum where urine can leave the body rather than through the tip of the penis. Many ...

Meghan. Meghan MacRae grew up in Vancouver, Canada, but spent many years living in the remote woods. Living in the shadow of grizzly bears, cougars and the other predators of the wilderness taught her about the dark side of nature, and taught her to accept her place in nature’s order as their prey.

Pruning - Pruning (as in "pruning a tree") is a colloquial expression for a form of male genital modification similar to trumpeting, glansectomy, and glans sculpting. To put it simply, most, or all, of the glans is cut away (pruned) in order to give a more desirable shape. Think of this like whittling away at the top of your cock. Just for shits and giggles.
