Getting Started in Fundamental Analysis (Getting Started ...

Getting Started in Stock Analysis is an exciting visual guide to both technical and fundamental analysis for the private investor. Rather than addressing the benefits of fundamental or technical analysis, author and trader Michael C. Thomsett draws upon three decades' experience in the stock market to demonstrate why traders need to employ both. Readers will learn how both methods are different aspects of the same cause and effect within the market, and how exploiting one method at the ...
