

**Guided Practice Activities**

Guided practice is where the instructor helps to guide the students and does the work together, while independent practice is where students must complete the work by themselves without any help. This is the section where students must be able to understand the concept that was taught and complete it on their own.

**Writing a Lesson Plan: Guided Practice - ThoughtCo**

Guided practice is showing and releasing the students to do the task or standard at hand. It is probably the most important step of math lessons especially but of any subject you can teach.
